

MEMORANDUM OF UNDERSTANDING (MOU)
BETWEEN
HEBEI UNIVERSITY OF CHINESE MEDICINE (CHINA)
AND
EGYPTIAN CHINESE UNIVERSITY (EGYPT)

Hebei University of Chinese Medicine (HUCM), from the Peoples' Republic of China, and Egyptian Chinese University (ECU), from the Arab Republic of Egypt, hereinafter referred to as Parties, agree on the following:

1. In order to strengthen the cooperation and exchanges in education, medical treatment, health care and rehabilitation, jointly promote the development of science, technology and culture, and enhance the friendship between the two peoples, both parties have decided to establish friendly relations from now on.
2. To conduct extensive exchanges, explore and carry out various forms of cooperation in Chinese medicine, acupuncture and moxibustion, physical therapy, health care, Chinese language and traditional culture.
3. To carry out educational cooperation, joint training of undergraduates and graduate students, and activities such as student exchanges and communication, short-term visits, etc.
4. To conduct academic exchanges and send teachers to each other for short or long-term lectures, academic research, health care treatment, etc.
5. To conduct exchanges in traditional culture, and activities such as exhibition, performance and visits in terms of Chinese medicine cultural works, Chinese medicine health care products and handicrafts, etc.
6. To jointly apply for Confucius institute to deepen exchanges and cooperation in Chinese medicine and Chinese language, and create high-quality brands.
7. To carry out research and hold international academic conferences on Chinese medicine, physical therapy, Chinese medicine and western medicine integration and comparison.
8. To strengthen communication and strive for substantive cooperation. Specific matters shall be separately negotiated or an agreement shall be signed.
